Kits with one 2.7m square polycarbonate collector for roof integration. Suitable for households of 2-4 people

### Kit with mains adaptor & temperature differential controller

| Quantity     | Part code | Product description  | Price (ex VAT)   |
|--------------|-----------|--|------------------|
| 1            | C2.7H     | C2.7 Horizontal collector, centre connections (2.7m <sup>2</sup> )                         | £683.52          |
| 1            | PU1       | Aton H <sub>2</sub> O drain back unit for 1 off C2.7 collector                             | £213.58          |
| 2            | H2O-AKIT  | Pre-Assembled Kit for installing H <sub>2</sub> O drainback unit (PU1,2 or 3) on cylinders | £0.00            |
| 1            | CC-DT     | Deltasol BS - 3 sensor drainback control kit   | £133.43          |
| 2            | ACC76     | Pipe insulation 10mm id X 13mm wall (15m bag)  | £20.64           |
| 1            | ACC19     | 21V mains adapter for 1 or 2 collector systems   | £17.50           |
| 1            | ACC75     | Ubiflex Lead Free Flashing, 30cm width, 3 metres   | £51.63           |
| <b>Total</b> |           |  | <b>£1,120.30</b> |

### Example cylinders for single panel systems (many more options available please call)

|             |   |         |
|-------------|---|---------|
| NH1245-T168 | Vented 168 Litre, 1200x450 TWIN coil cylinder (28mm coils, 22mm tappings) | £302.29 |
| Q-UT-150S   | Unvented 150 Litre 1097 x 545, TWIN coil cylinder with immersion (silver) | £684.95 |

## Two Collector H<sub>2</sub>O Kits

Kits with two 2.7m square polycarbonate collectors for roof integration. Suitable for households of 3-8 people

### Kit with mains adaptor & temperature differential controller

| Quantity     | Part code | Product description  | Price (ex VAT)   |
|--------------|-----------|--|------------------|
| 1            | C2.7VR    | C2.7 Vertical collector, right connections (2.7m <sup>2</sup> )                            | £669.62          |
| 1            | C2.7VL    | C2.7 Vertical collector, left connections (2.7m <sup>2</sup> )                             | £669.62          |
| 1            | PU2       | Aton H <sub>2</sub> O drain back unit for 2 off C2.7 collector                             | £259.45          |
| 1            | H2O-AKIT  | Pre-Assembled Kit for installing H <sub>2</sub> O drainback unit (PU1,2 or 3) on cylinders | £0.00            |
| 1            | CC-DT     | Deltasol BS - 3 sensor drainback control kit   | £133.43          |
| 2            | ACC76     | Pipe insulation 10mm id X 13mm wall (15m bag)  | £20.64           |
| 1            | ACC19     | 21V mains adapter for 1 or 2 collector systems   | £17.50           |
| 1            | ACC03     | Vertical joining profile (two collector system)  | £22.52           |
| 1            | ACC75     | Ubiflex Lead Free Flashing, 30cm width, 3 metres   | £51.63           |
| <b>Total</b> |           |  | <b>£1,844.40</b> |

### Example cylinders for two panel systems (many more options available please call)

|             |   |         |
|-------------|---|---------|
| NH1745-T250 | Vented 250 Litre, 1700x450 TWIN coil cylinder (28mm coils, 22mm tappings) | £366.84 |
| Q-UT-250S   | Unvented 250 Litre 1747 x 545, TWIN coil cylinder with immersion (silver) | £831.25 |

Prices above are for supply of parts only. We can supply pre-assembled cylinder/pump station /controller units. Please get in touch for a quotation. Over roof mounting kits also available.
